

Orlando FSDO FAAS Team presents:

# **Stalls & Accident Investigations**

This seminar will consist of two speakers. Our first presentation from Cindy Bourne, our local Space Coast and Treasure Coast DPE will discuss two topics. The first a discussion about aerodynamics of stalls, a technique for visualizing the flow, and the importance of understanding your airplanes stall characteristics and the recovery procedure. Her second part will consist of a discussion of weak/neglected areas she has noticed over the years giving hundreds of practical tests.

Our second speaker, Mr. Tony Alfaya, our FAA Safety Team Program Manager and Airworthiness Inspector from the Orlando FSDO will focus on a presentation covering Orlando FSDO area accident statistics including Airworthiness related accidents and mechanical failures. The discussion will also cover human factors, the accident chain and FAR violations.

**Directions:** I-95 to (Exit 180) US-192 East, left on Evans, right on NASA Blvd, left on Grumman Place, right on Tower Access Road to Harry Goode Way to FIT Aviation

#### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
